

BROTHER NOT GET HIS SHARE

Suit Against the Vast Stanford Estate Started by a Niece.

ALLEGATIONS SET FORTH.

AMOUNT INVOLVED OVER HALF A MILLION.

San Francisco, June 4.—What practically amounts to a contest of the vast Stanford estate was filed in the county clerk's office this morning by Annie F. Stanford, a niece of the senator, against Charles Gardner Lathrop, Timothy Hopkins, Joseph D. Grant, Whitelaw Reid and T. G. Crothers, as executors of the will of the late John L. Stanford. The action takes the form of a suit for \$100,000 said to be according to Asa F. Stanford since the death of his brother and the restoration of \$50,000 worth of stock alleged to have been fraudulently withheld by Mrs. Stanford to cheat her brother-in-law in his old age and destitution.

The complaint accuses Mrs. Stanford of conspiracy and fraud in the Central Pacific railroad of which his brother was the founder and president. It is alleged that at the solicitation of the Central Pacific he withdrew his position and surrendered his sixth share of the total stock. For this transfer he was paid \$100,000.

Senator Kept His Word.

The chronicle in the complaint begins as far back as 1882, when Asa Stanford, one of the directors of the Central Pacific railroad of which his brother was the founder and president. It is alleged that at the solicitation of the Central Pacific he withdrew his position and surrendered his sixth share of the total stock. For this transfer he was paid \$100,000.

Widow Refused to Pay.

It is set forth in the papers which were filed today that Mrs. Stanford not only took possession of the stock that is said to have been left her brother-in-law but refused to pay him the \$100,000 monthly stipend. After Mrs. Stanford had made frequent demands for the money, it is said, he was told that Senator Stanford had hardly left a cent of property and that if his claims were pressed it would throw the estate into bankruptcy. Finally, it is stated, Asa Stanford released all his claims against the estate for a consideration of \$25,000.

Demands of the Niece.

Annie Stanford asks that the release signed by Asa Stanford be declared void and delivered to her along with the letter he was forced to sign, that it may be destroyed. She demands \$100,000 which accrued in the nine years which elapsed between the death of Leland Stanford and his brother, and finally she asks for the \$100,000 stock in the Central Pacific or \$500,000 as an equivalent.

BUSINESS INTERESTS TO PETITION CONGRESS

Manila, June 4.—The business interests of the Philippines will make a strong effort to secure the passage of the agricultural bank bill during the present session of congress. At a meeting of the Philippine chamber of commerce and other business men and means of putting before congress the urgent needs of the islands were discussed. The American chamber of commerce is in full accord with the movement, and a public mass meeting probably will be held to consider the subject. In the provinces individual business men and correspondents are working to arouse public sentiment in favor of the proposed bank.

MANHATTAN, NEVADA, SCENE OF BOLD HOLD-UP

Manhattan, Nev., June 4.—This morning at 4 o'clock an unmasked robber entered the Gold Nevada saloon and robbed the bartender and five others to hold up their hands. He evidently was an amateur as he was greatly excited and over-looked \$10,000 in an open safe two feet away. He backed half way across the room and in his excitement turned his back on the crowd and walked out. He has not yet been captured.

SPEICHER ORDERED TO TURN OVER PROPERTY

Chicago, June 4.—Overseer Speicher of Zion City was directed by Judge Cutting of the probate court today to prepare to turn over to an administrator \$18,000 worth of property left to John Alexander Dowie by Frederick Sutton of Australia, who died in 1902.

Sutton left the greater part of his \$30,000 estate to Dowie and Speicher as executors under the will of two brothers and a sister of the testator contested the will on the ground that Sutton was influenced by Dowie and his associates, and also that Sutton left a second will.

DIRECTORS ELECTED BY AMALGAMATED COMPANY

New York, June 4.—Stockholders of the Amalgamated Copper company at their annual meeting today elected the following directors:

H. H. Rogers, William Rockefeller, James Stillman, A. R. Flower, C. C. Burrage, G. H. Church, H. H. Rogers, Jr., and J. E. Jackson.

The company's annual report showed its net income for the year ended April 30 to be \$9,161,537, and its surplus for the year after payment of dividends \$32,083.

JEALOUS DEMON'S DEED.

Christophers, Ill., June 4.—The jealous resentment of Reuben Stewart brought the carriage ride of Roy Veach and Stella Dial to a tragic close here last night.

The returning buggy was met at the Dial home by Stella Dial, who was stantly. He fired at the girl but missed. He then committed suicide.

SPARKS GOES TO GOLDFIELD

Governor of Nevada Trying to Settle the Strike Trouble at Goldfield.

ALLEGATIONS SET FORTH.

AMOUNT INVOLVED OVER HALF A MILLION.

Goldfield, Nev., June 4.—Governor Sparks and Attorney General Sweeney arrived in Goldfield last night and were met by numerous citizens, representing both parties to the labor controversy involving the Western Union Telegraph company. Later the state officials met with the labor committee and heard their side of the question at issue. It is understood that while not attempting to adjust this particular case, Governor Sparks advised the labor union against striking. Retaining the grievance, admonishing them that in case of a strike and danger to property, that government troops would be thrown into the district. The attorney general stated plainly to them that in case of destruction of property the guilty would be punished according to law. In case of killings the guilty would hang.

The Industrial Workers of the World will hold a special meeting Tuesday night to determine if they will support the action of its officials in the matter of the Western Union. It is generally understood that the Miners union is strongly opposed to the action of the Industrial Workers and that no sympathy or aid can be expected from the Western Union strike meeting of Wednesday night the pickets have been removed from the Western Union office. Governor Sparks and Attorney General Sweeney left for Bullfrog this afternoon and will return Wednesday. They express the opinion that the difficulty would be settled and that no further fear need be entertained of general trouble.

The present difficulty arose over the efforts of the Industrial Workers of America endeavoring to organize every department of labor into unions. The messengers of the Western Union strike for higher wages last week and the company was notified that all other employees would be ordered out of the office closed by force if necessary. The company then called upon the governor and sheriff for protection.

MEDICAL MEN MEET.

Boston Swarming With Noted Physicians and Surgeons.

Boston, June 4.—Several thousand physicians and surgeons from various parts of the United States and several distinguished medical men from abroad were here to attend the opening meetings of the annual convention of the American Medical association, as well as the annual meetings of other medical associations which will be held there. The first general meeting of the medical association will come tomorrow. Among the distinguished men who are expected are Sir William MacEwen of the University of Glasgow; Professor Alfred DuRoi of the University of Berlin; Professor Joseph of Heidelberg; Professor Max Joseph of Berlin; Professor Friedrich Trendelenburg of the University of Leipzig; Dr. Theodore Tuffier of Paris; and Professor Max von Frey of Bonn.

HOLDS FOREIGN TRADE.

Fire and Earthquake Fail to Put San Francisco Out of Business.

San Francisco, June 4.—Notwithstanding the fact that the banks of San Francisco did not open for business until May 1, and then for several days were paying out checks and clearing for the month of May amounted to \$50,000,000. This is about 35 per cent of the clearing of the month of May. The fact that the business of the city is far greater, even under the adverse circumstances of the month, than would be expected, points to the fact that the foreign trade of the city is not seriously affected by the fire, and, while the commercial houses were put to much loss, and all of the stores, offices and jobbing houses of the city were prepared to fill orders in a comparatively short time, the fire had destroyed their warehouses.

BRAKE FAILED TO WORK.

San Jose, June 4.—One man was killed and several injured by the wrecking of a car on the San Jose and Los Gatos inter-urban line this morning at the foot of a steep grade where the line makes a short curve to the right. The car, which was carrying a load of lumber, was being driven by John Davy, laborer, aged 70.

Of the injured, Richard Farrell, who has no other broken bones, sustained bruises and slight cuts. The accident was caused by a brake failing when the car was about half way down the hill.

STRUCK BY AN ENGINE.

Council Bluffs, Ia., June 4.—H. D. Baldwin of Council Bluffs, general foreman of bridge and structural steel work of the Union Pacific system, was killed today while superintending the laying of new tracks on the Union Pacific bridge over the Missouri river. He was struck by a Rock Island engine.

Democrats Expect a Chance to Vote on Statehood Conference Report.

REPORTS WERE EXAGGERATED

DIFFERENT REASONS GIVEN FOR OUTBREAK.

Washington, June 4.—The threatened "insurgent" demonstration, growing out of the report of the conferees on the statehood bill, which seemed imminent on the convening of the house today, did not occur, the journal being approved without a dissenting voice.

Mr. Murphy (Mo.) had offered a resolution on Saturday discharging the conferees on the statehood bill, "and that it shall be in order, immediately without debate for the house to proceed to vote on the question, 'Shall the house agree to and concur in the senate amendments?'"

This resolution was held not to be privileged or parliamentary, and the speaker, amid a great deal of confusion, according to law, declined to entertain it. Although Mr. Murphy had appealed from the decision of the chair and insisted that a square deal ought to be given even the opponents of the conference report.

The dove of peace seemed to hover over the house when it convened today. The minority leader, John Sharp Williams, intimating that he would be good for several days at least, giving the speaker every opportunity to give the house a chance to vote on the conference report.

The house adjourned when the announcement of the death of Senator Gorman was made.

SEES ANARCHY AHEAD.

Russian Editor Changes Front Since Opening of Parliament.

St. Petersburg, June 4.—Prince Metshersky, editor of the Grashdanin, who before the assembling of parliament was constantly assailing the aristocracy and bureaucracy, has now completely changed front, and maintains that the lower house, unless the cooler and more moderate heads stop the present tendency, is destined to become a purely revolutionary body. He calls upon President Mourmoutzoff to declare whether he desires to be a Hugarich, who led the famous peasants' rising of 1775, or a Minin, the cattle dealer of Nizhni-Novgorod, who saved the country from anarchy during the interregnum preceding the establishment of the Romanoffs.

The emperor has received a peculiar dispatch from the black hundred organization of Yekaterinodar asking him to impose a censorship on the reasonable speech of members of the lower house of parliament.

Whitmore was observed as a general holiday throughout Russia.

CHARGED WITH MURDER.

Daughter of the Late Commander Dabner, U. S. N., on Trial.

Monrovia, Cal., June 4.—Mrs. Alberta Dabner Storrs, daughter of the late Commander Dabner, United States navy, and well known in Washington and southern society, was placed on trial today at a preliminary hearing for the murder of her husband, Roland S. Storrs, in this city on the night of April 27 last. The evidence against her is purely circumstantial. Storrs, a young Englishman, was shot late at night in his own home, and his wife claimed that he committed suicide as the result of melancholy following a period of drinking. The contention of the accusation is based upon a few contradictions in Mrs. Storrs' statements and some facts which have not yet been explained. City Marshal Miller, who is the complaining witness, was the first to testify today for the state.

REPORTS WERE EXAGGERATED

Affairs at Cananea Have Settled Down With No Signs of Trouble.

EXECUTION STORY IS FALSE

DIFFERENT REASONS GIVEN FOR OUTBREAK.

Douglas, Ariz., June 4.—A telephone message direct from the office of Colonel Greene in Cananea denies the reports that the ringleaders in the riot were executed by Colonel Kosterlitzky and that Governor Ysabel had been placed under arrest for having brought American volunteers across the boundary.

So far as known only three Americans and sixteen Mexicans were killed during the disturbance. In addition to the Metcalfe Burt Rush of Bisbee was killed.

Fifteen soldiers are on the way to Cananea from the City of Mexico. There was no disorder yesterday or last night and the situation today is peaceful. Colonel Greene walked to his office without a guard this morning. He says he expects to resume work at the mines and smelter today. Captain Rynning and his rangers returned to Douglas last night.

Telegrams Censored.

It is apparent that all telegrams and telephone messages from Cananea have been strictly censored and it is now believed here that persons who were killed in the riots of Friday and Saturday than has been officially acknowledged. Persons who arrived today from Cananea said that at least ten Americans were killed but no verification of this statement is possible at present.

No more trouble is anticipated, as Colonel Kosterlitzky is greatly feared by the Mexicans. On his arrival on Saturday, the head of Governor Ysabel, he ordered the American volunteers returned to the boundary. He also ordered all persons to keep off the streets under penalty of instant death. In bringing out this order a number were shot.

Feeling Against Ysabel

Governor Ysabel remains in his private, carefully guarded. There are persistent rumors that he is under arrest, but they are denied by the authorities. There is said to be a bitter feeling against him in Cananea because he called on Americans for help. Seven each loads of Americans arrived from Cananea Sunday afternoon and they have left for their homes in California, Texas and Arizona. It is thought the works will be severely handicapped by the absence of so many Americans leaving.

Killing of the Metcalfe.

Following are the details of the killing of the Metcalfe:

When the mob entered the lumber yards to persuade the Mexican workmen to walk out a hose was turned upon them. George and Will Metcalfe faced the mob with guns and were killed. The mob then turned upon him and he was stabbed a dozen or more times with knives and candlesticks. Will Metcalfe was struck with a rock and afterwards was shot. Both bodies were terribly mutilated.

The mob, it is said, was organized and led by Jose Bermudez, an anti-government agitator, who last year published "El Azote," an anti-Diaz paper. He was sent to jail at Hermosillo for libeling Vice Consul Mazza of Douglas. On his liberation he began publishing in Cananea "Centenario." After a few issues he was forced to cease this publication because it had threatened the lives of the revolutionists.

Colonel Kosterlitzky's men are hunting Bermudez. It is believed he has fled to the United States.

WILD-EYED STORIES.

Special Correspondents Drew on Their Imagination.

Bisbee, Ariz., June 4.—The following message was received by telephone from Cananea at 11 a. m. to-day:

"Situation here is absolutely under control by Mexican authorities, assisted by the United States army. There are no disorders, 200 strong. Special correspondents have sent out many stories that are untrue. The press has been no shooting in Cananea since Saturday evening at 8 o'clock. Several arrests have been made by police and rurales, but positively there have been no executions of ringleaders."

A conservative estimate of killed during fighting Friday and Saturday is thirty Mexicans and five Americans. The Bisbee volunteers taken across the line Saturday morning by Governor Ysabel of Arizona returned to Bisbee today. They paraded the streets of Cananea and had a good effect. President Diaz has wired Governor Ysabel to keep the Mexicans in their places.

"The concentrator is running full-handed and two furnaces at the smelter are working. All of the American miners are again at work, but none of the Mexican miners have returned."

REVOLUTIONARY OUTBREAK.

American Minister Thompson Reports to Washington.

Washington, June 4.—Mr. Thompson, the American ambassador to Mexico, has telegraphed to the state department in answer to instructions relative to the Cananea disturbance that the outbreak there was revolutionary in character. He reported that the ringleaders in the riot were executed by Colonel Kosterlitzky and that Governor Ysabel had been placed under arrest for having brought American volunteers across the boundary.

Mr. Thompson was charged to remind the Mexican authorities of the responsibility upon them to care for the lives and property of American citizens at Cananea, and also to invite suggestions as to how the government might co-operate to that end. His conversation with Minister Mariscal of the foreign office brought forth the statement from that official that a revolutionary junta operating in St. Louis, seized upon the discontent among the miners at Cananea to stir up a revolution directed against the Mexican government.

Mr. Galbraith, the American consular agent at Cananea, and Colonel Greene, the head of the copper mines located there, have also been in communication with the state department relative to the riots, and the substance of their communications is that the laborers' wages were reduced from an abnormally high scale to the ordinary Mexican basis, so the revolutionary propaganda spread rapidly among the miners.

Two prominent Americans and ten Mexicans were killed in the riots, according to Mr. Galbraith's report, dated Saturday. Twenty arrests were made. The Mexican government, according to both Mr. Thompson and Mr. Galbraith, is in complete control of the situation at Cananea, and troops are in pursuit of strikers that escaped into the mountains.

Wanted to Interfere.

In answer to the invitation to suggest lines upon which the United States government could co-operate to suppress the riots and protect life and property, Mr. Thompson reports that the Mexican foreign office has indicated that it would be glad to have the United States government make every effort to apprehend any of the revolutionists or strikers who participate in the riots and may seek to escape across the border into American territory. The necessary instructions to this end will be given at once to the local authorities in Arizona and Texas. General Bell, the chief of staff, today sent orders to Colonel Watts, commander of the squadron of the Fifth cavalry, which went from Fort Huachuca to Naco, Ariz., to return to that post.

REPORT OF MAJOR WATTS.

Stories of Both Sides as to Cause of Trouble.

Washington, June 4.—The following report has been received at the state department from Major Watts, dated at Naco, Ariz., June 3:

"Military Secretary, Washington, D. C.: My information as to trouble at Cananea is as follows: Mexican employees of Greene copper company struck for higher wages and made other demands. Mexican strikers that a large number of strikers went to company's lumber yards and tried to induce non-strikers to quit work and that they were peacefully dispersed. The American brothers, named Metcalfe, refused to leave the strike and went to roof of house and shot and killed four or five Mexicans. Strikers then broke into the house, killing the two Metcalfe brothers."

"Report of copper company differs somewhat. Claim trouble is caused entirely by a strike for higher wages. I know Ambassador Thompson, and it is my opinion that he is certain of the truth about a Mexican revolution being fomented in St. Louis."
